

Σχολικό έτος 2011-12

The School Year 2011-12 was the first year of implementation of the Programme. This year's implementation began in February 2011 and lasted for five months, up until June 2012. During this period schools from Greece and other European countries created class pairs aiming at developing a collaborative product in the following languages: English (10 classes), French (5 classes), and German (1 class).
